

Referral Program

Word of mouth and referrals grow our business - we want to express our appreciation.

If you are an existing customer and refer a colleague who places an order, we'll discount your next order by 20%.

It's easy:

1. Be sure your colleague mentions your referral when placing the order.
2. On order placement, we'll send you a 'thank you' e-mail containing your colleague's Order Reference Number.
3. On your next order - simply mention the Order Reference Number provided - and we'll apply the discount.

While the referral program runs continuously, you have 12 months from receipt of referral 'thank you' in which to place your qualifying order. Qualifying orders are limited to one per referral, but more referrals yield more qualifying orders.

Discounts apply to published wholesale single unit pricing. While referral discounts do not apply to embroidery, one may combine a referral discount with any ongoing embroidery special.

Your testimony and experience are invaluable - thank you!
